PROFILE SUMMARY

Self-taught web developer with hands-on experience building responsive, full-stack web applications using React and modern JavaScript tooling. Comfortable across the stack — from animated, pixel-precise frontends to backend integrations with databases and third-party APIs. Quick learner who builds and ships real projects to stay current with industry practices, and deploys them independently using GitHub, Vercel, and Railway.

TECHNICAL SKILLS

Frontend — Basics: HTML, CSS, JavaScript

Frontend — Advanced: React JS, Vite, Tailwind CSS, Animations, GSAP

Databases: PostgreSQL, Firebase, Redis

APIs & Services: Clerk (Auth), Cloudinary, Stripe

Deployment & Tools: GitHub, Vercel, Railway

PROJECTS
